Schedule of Benefits

Accessing Benefits

You can choose to receive Network Benefits or Non-Network Benefits.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. For facility services, these are Benefits for Covered Health Services that are provided at a Network facility under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network anesthesiologist, Emergency room Physician, consulting Physician, pathologist and radiologist. Emergency Health Services are always paid as Network Benefits.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, the Coinsurance will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program providers than from other non-Network providers because the Eligible Expense may be a lesser amount.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Enrolling Group, this *Schedule of Benefits* will control.

Pre-service Benefit Confirmation

We require notification before you receive certain Covered Health Services. In general, Network providers are responsible for notifying us before they provide these services to you. There are some Network Benefits, however, for which you are responsible for notifying us. Services for which you must provide pre-service notification are identified below and in the *Schedule of Benefits* table within each Covered Health Service category.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying us before you receive these services.

To notify us, call the telephone number for *Customer Care* on your ID card.

Covered Health Services which require pre-service notification:

- Ambulance - non-emergent air and ground.
- Clinical trials.
- Congenital heart disease surgery.
- Dental services - accidental.
- Durable Medical Equipment over \$1,000.
- Home health care.
- Hospice care - inpatient.
- Hospital inpatient care - all scheduled admissions and maternity stays exceeding 48 hours for normal vaginal delivery or 96 hours for a cesarean section delivery.
- Lab, X-ray and diagnostics - sleep studies.
- Lab, X-ray and major diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine.
- Reconstructive procedures.
- Rehabilitation services - Outpatient Therapy and Manipulative Treatment - .
- Skilled Nursing Facility and Inpatient Rehabilitation Facility services.
- Therapeutics - only for the following services: dialysis.
- Transplants.

As we determine, if one or more alternative health services that meets the definition of a Covered Health Service in the *Certificate* under *Section 9: Defined Terms* are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness. After you contact us for pre-service Benefit confirmation, we will identify the Benefit level available to you.

The process and procedures used to define clinical protocols and cost-effectiveness of a health service and a listing of services subject to these provisions (as revised from time to time), are available to Covered Persons on www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

For all other services, when you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services. That's because in some instances, certain procedures may not meet the definition of a Covered Health Service and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time notice is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

Mental Health and Substance Abuse Services

Mental Health and Substance Abuse Services are not subject to the pre-service notification requirements described above. Instead, you must obtain prior authorization from the Mental Health/Substance Abuse

Designee before you receive Mental Health Services and Substance Abuse Services. You can contact the Mental Health/Substance Abuse Designee at the telephone number on your ID card.

To receive the highest level of Benefits and to avoid incurring the penalties described in this *Schedule of Benefits* table within each Covered Health Service category, you must call the Mental Health/Substance Use Disorder Designee before obtaining Mental Health Services or Substance Use Disorder Services. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include, but are not limited to, ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning or retrospective review. When you call the Mental Health/Substance Use Disorder Designee as required, you will be given the names of Network providers who are experienced in addressing your specific problems or concerns.

The Mental Health/Substance Use Disorder Designee performs utilization review to determine whether the requested service is a Covered Health Service. The Mental Health/Substance Use Disorder Designee does not make treatment decisions about the kind of behavioral health care you should or should not receive. You and your provider must make those treatment decisions.

Care CoordinationSM

When we are notified as required, we will work with you to implement the Care CoordinationSM process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the pre-service notification requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to notify us before receiving Covered Health Services.

Eligible Expenses

Eligible Expenses are the amount we determine that we will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*.

If one or more alternative health services that meets the definition of Covered Health Service in the *Certificate* under *Section 9: Defined Terms* are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness.

For Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as otherwise arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, at our discretion, based on the lesser of:

- Fee(s) that are negotiated with the provider.
 - 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market.
 - 50% of the billed charge.
 - A fee schedule that we develop.
- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

Provider Network

We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling *Customer Care*. A directory of providers is available online at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact *Customer Care* at the telephone number on your ID card.

Continuity of Care

If you are under the care of a Network provider for one of the medical conditions below, and the Network provider caring for you is terminated from the Network by us, we can arrange, at your request and subject to the provider's agreement, for continuation of Covered Health Services rendered by the terminated provider for the time periods shown below. Copayments, Coinsurance, deductibles, or other cost sharing components will be the same as you would have paid for a provider currently contracting with us.

For the purposes of this section "life-threatening illness" means a severe, serious, or acute condition for which death is probable.

Medical conditions and time period for which treatment by a terminated Network provider will be covered under the Policy are:

- A life-threatening illness. Treatment by the terminated provider may continue until the course of treatment is complete, not to exceed three months from the effective date of termination.
- A high-risk Pregnancy or a Pregnancy that is past the twenty-fourth week of Pregnancy. Treatment by the terminated provider may continue until the postpartum services related to the delivery are complete.

Continuity of care would not apply when:

- The reason for such termination is due to suspension, revocation, or applicable restriction of the health care provider's license to practice in the state of Louisiana by the *Louisiana State Board of Medical Examiners*, or for another documented reason related to quality of care.
- You choose to change health care providers.
- You move out of the geographic service area of the health care provider.
- You require only routine monitoring for a chronic condition but is not in an acute phase of the condition.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for assistance.

Designated Facilities and Other Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility or Designated Physician chosen by us. If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses at our discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Policy.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Throughout the document you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call us using the telephone number for *Customer Care* listed on your ID card. It will be our pleasure to assist you.

Your Responsibilities

Be Enrolled and Pay Required Contributions

Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services

Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the *Schedule of Benefits*.

Decide What Services You Should Receive

Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Pay Your Share

You must pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds Eligible Expenses.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Benefit plan's exclusions.

Show Your ID Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits*, and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this discretionary authority to other persons or entities that may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in our discretion. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in *Section 1: Covered Health Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, in our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Offer Health Education Services to You

From time to time, we may provide you with access to information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Subscriber's Individual Certificate

We will issue *Certificate(s) of Coverage, Schedule(s) of Benefits*, and any attachments to each covered Subscriber. Section 2: Exclusions and Limitations

How We Use Headings in this Section

To help you find specific exclusions more easily, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Actual exclusions appear underneath headings. A heading does not create, define, modify, limit or expand an exclusion. All exclusions in this section apply to you.

We do not Pay Benefits for Exclusions

We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. When to Enroll and When Coverage Begins

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the new Dependent eligible.

Coverage will not be cancelled due to nonpayment of Premium for a newborn Dependent child who at birth meets the eligibility provisions as set forth in state laws, rules or regulations implementing the *State Plan Medical Assistance* under *Title XIX of the Social Security Act*, until we have provided the secretary of the *Louisiana Department of Health and Hospitals* 90 days written notice of such cancellation. If Premium remains unpaid after the notice period, we will cancel the coverage for the newborn Dependent child effective as of the date of the birth of such child.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

Coverage will not be cancelled due to nonpayment of Premium for a newborn Dependent child who at birth meets the eligibility provisions as set forth in state laws, rules or regulations implementing the *State Plan Medical Assistance under Title XIX of the Social Security Act*, until we have provided the secretary of the *Louisiana Department of Health and Hospitals* 90 days written notice of such cancellation. If Premium remains unpaid after the notice period, we will cancel the coverage for the newborn Dependent child effective as of the date of the birth of such child.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan (for Dependent children this includes coverage under the *Louisiana Children's Health Insurance Program* or a Medicaid program) at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including, but not limited to, legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
 - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage, determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the *Extended Coverage for Inpatient Stays* provision later in this section, entitlement to Benefits ends as described in that section.

Please note that for Covered Persons who are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the last day of the calendar month in which we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**

Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Subscriber that coverage has ended on the date we identify in the notice:

- **Fraud, Misrepresentation or False Information**

Fraud or misrepresentation, or the Subscriber knowingly gave us false material information. Examples include false information relating to another person's eligibility or status as a Dependent.

During the first three years the Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. After the first three years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

- **Material Violation**

There was a material violation of the terms of the Policy.

- **Threatening Behavior**

You committed acts of physical or verbal abuse that pose a threat to our staff.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Incapacity existed prior to the attainment of the limiting age.
- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the Policy.

We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year after a two year period following the child's attainment of the limiting age.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Three months from the date coverage would have ended when the entire Policy was terminated.

Extended Coverage for Inpatient Stays

If you are receiving Benefits for an Inpatient Stay in a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility at the time coverage under the Policy would otherwise end, your Benefits will temporarily be extended.

Benefits will be extended to the earliest of the following dates:

- The date you are discharged from the Inpatient Stay.
- The date you meet the maximum Benefit that applies.

These extended Benefits are subject to all terms, condition, limitations and exclusions of the Policy that were in effect on the day immediately prior to the date that coverage would otherwise end.

Continuation of Coverage

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Qualifying Events for Continuation Coverage under State Law

Coverage must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Enrolling Group for any reason except gross misconduct.
- Termination of coverage due to loss of eligibility as a Subscriber or an Enrolled Dependent.

Continuation is only available to you if you have been continuously covered under the Policy (or under any group contract providing similar services and benefit that is replaced) for at least three consecutive months immediately prior to termination.

Continuation is not available if

- You are or could be covered by any other arrangement of hospital, surgical, or medical coverage within thirty-one days immediately following the date of termination.
- Your coverage terminated because of fraud or failure to pay a required contribution for insurance.
- You are eligible for continuation under the provision of COBRA.

Notification Requirements and Election Period for Continuation Coverage under State Law

The Enrolling Group will provide you with written notification of the right to continuation prior to termination of coverage under the Policy. You should obtain an election form from the Enrolling Group or the employer and, once election is made, forward all monthly Premiums to the Enrolling Group for payment to us. Surviving Enrolled Dependent spouses will have 90 days after the Subscriber's death to elect continuation; all other Covered Persons must elect continuation prior to termination of coverage under the Policy.

For the purpose of continuation coverage "surviving Enrolled Dependent spouse" means an Enrolled Dependent spouse who is 50 years of age or older and whose eligibility as a Dependent ceases due to the death of the Subscriber.

Terminating Events for Continuation Coverage under State Law

Except as specified below for surviving Enrolled Dependent spouses, continuation coverage under the Policy will end on the earliest of the following dates:

- Twelve months from the date your continuation began.
- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violate a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the Policy ends.

Continuation coverage for surviving Enrolled Dependent spouses will end on the earliest of the following dates:

- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violate a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the Policy ends.
- The date you remarry.

Continuation of Coverage During a Period of Service in the Uniformed Services

If your coverage would otherwise terminate due to a leave of employment to perform service in the uniformed services, you are entitled to continue coverage for yourself and your Enrolled Dependent.

Your Enrolled Dependent who is subsequently called to service in the uniformed services will continue to be considered a Dependent under the Policy without any lapses coverage, provided that all required contributions are made.

The Enrolling Group will notify you of your right to continue coverage at the time you notify the Enrolling Group of your leave to perform service in the uniformed services. You should obtain an election form from the Enrolling Group or your employer and, once election is made, forward all monthly Premiums to the Enrolling Group for payment to us. Continuation must be elected prior to termination of coverage under the Policy.

Continuation coverage will end on the earliest of the following dates:

- The date you return from active service in the uniformed services.
- The date coverage ends for failure to make timely payment of Premium.
- The date coverage ends because you violate a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the Policy ends.

If you or your Enrolled Dependent do not elect continuation coverage and you or your Enrolled Dependent are released from service in the uniformed services, you or your Enrolled Dependent may enroll under the Policy without any clause or restriction because of a preexisting condition. If you did elect continuation coverage, the continuation coverage ends on the date you or your Enrolled Dependent's coverage under the Policy is effective.

Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider

We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. However, you are responsible for meeting any applicable Annual Deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider.

If You Receive Covered Health Services from a Non-Network Provider

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, in our discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the Current Procedural Terminology (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

Payment of Benefits

You may not assign your Benefits under the Policy to a non-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to you (the Subscriber) for you to reimburse them upon receipt of their bill. We may, however, in our discretion, pay a non-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to a non-Network provider, we reserve the right to offset Benefits to be paid to the provider by any amounts that

the provider owes us. When an assignment is made without our consent, we will continue to reimburse non-Network Hospitals directly for services rendered by the Hospital.

When you assign your Benefits under the Policy to a non-Network provider with our consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant the following:

- The Covered Health Services were actually provided.
- The Covered Health Services were medically appropriate.
- For any nonelectronic claim submitted by a Network provider within 45 days of the date of service or date of discharge from a health care facility or institution, we will pay, deny or pend Benefits not more than 45 days from the date upon which a nonelectronic Clean Claim is received by us, unless just and reasonable grounds exist to put a reasonable and prudent businessman on his guard.
- For any nonelectronic claim submitted by a Network provider more than 45 days of the date of service, or date of discharge from a health care facility or institution, or resubmitted because the original claim form was not an Accepted Claim form or was not a Clean Claim, we will pay, deny or pend Benefits not more than 60 days from the date upon which a nonelectronic Clean Claim is received by us, unless just and reasonable grounds exist to put a reasonable and prudent businessman on his guard.
- For any other nonelectronic claim submitted by a Covered Person or by a non-Network provider, we will pay, deny, or pend Benefits not more than 45 days from the date upon which a nonelectronic Clean Claim is received by us, unless just and reasonable grounds exist to put a reasonable and prudent businessman on his guard.
- Within five working days of receipt of any electronic claim, we will review the claim and if we determine that the claim is not an Accepted Claim, we will issue an electronic report to the health care provider indicating all defects or reasons known at that time that the claim is not an Accepted Claim. If we fail to provide such a report, the provider will be deemed to have timely submitted a claim for payment.
- Any electronic claim will be paid, denied or pended not more than twenty-five days from the date upon which an electronic Clean Claim is electronically received by us unless just and reasonable grounds exist to put a reasonable and prudent businessman on his guard.
- We will provide written notice to health care provided that a claim is pended.
- For the purposes of this section "just and reasonable grounds" will include, but is not limited to, determination of whether or not the Covered Person was eligible for health insurance coverage on the date health care services were rendered.

Any health care provider that is not paid within the time frames specified in this section will receive a late payment adjustment equal to twelve percent per annum of the amount due.

How to Appeal a Claim Decision

For the purpose of this section an "adverse determination" means a determination that admission, availability of care, continued stay, or other health care service that is a covered Benefit has been reviewed and denied, reduced, or terminated because we have determined that the service is not consistent with nationally recognized scientific evidence and prevailing medical standards and clinical guidelines.

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or benefit confirmation prior to receiving medical care. If we adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols and standard cost-effectiveness analysis, you may appeal that decision pursuant to this process.

How to Request an Appeal

If you disagree with either a pre-service request for Benefits determination or post-service claim determination, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.

- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is the result of an adverse determination, a qualified review panel who was not involved in the decision being appealed will be appointed to decide the appeal. The review panel will consist of health care professionals who have appropriate expertise in the field who were not involved in the prior determination. For standard appeals for adverse determinations, a duly licensed Physician will be required to concur with any adverse determination of your appeal. We may consult with, or seek the participation of, medical experts as part of any appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on any appeal that is not based on an adverse determination as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.
- For appeals for pre-service requests for Benefits or post-service claims that are based on an adverse determination, the first level appeal will be conducted and you and the attending or ordering provider will be notified in writing of the decision within 15 days for pre-services requests and within 30 days for post-service claim requests from receipt of a request for appeal of a denied request for Benefits or a denied claim. The written decision will contain the following:
 - The title and qualifying credentials of the Physician affirming the adverse determination.
 - A statement of the reason for your request for an appeal.
 - An explanation of the reviewer's decision in clear terms and the medical rationale in sufficient detail for you to respond further to our decision.

- If applicable, a statement including the following:
 - ◆ A description of the process to obtain a second level appeal of a decision.
 - ◆ The written procedures governing a second level appeal, including any required time frame for review.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision. Appeals will be evaluated by an appropriate clinical peer or peers in the same or similar specialty as would typically manage the case being reviewed. The clinical peer will not have been involved in the initial adverse determination. A majority of the review panel used will be comprised of persons who were not previously involved in the appeal. However, a person who was not previously involved with the appeal may be a member of the panel or appear before the panel to present information or answer questions.

The second level appeal will be conducted within 45 working days of receiving the request for the second level appeal. You may appear at the review meeting, which will be held during business hours at a location reasonably accessible to you. If you cannot attend for geographic reasons, we will offer, at our expense, for you to attend via conference call, video conferencing or other appropriate technology. You will be notified of the review meeting time and place with 15 working days in advance of the review date. This notice will include a description of your right to attend the review meeting, present your case to the review panel, submit supporting material before and at the meeting, and ask questions of any representative at the meeting. A duly licensed and appropriate clinical peer will be required to concur with any adverse determination made by the review panel. The review panel will issue a written decision to you within 5 working days of the review meeting. This written decision will include the following:

- ◆ The titles and qualifying credentials of the appropriate clinical peer affirming an adverse determination.
- ◆ A statement of the nature of the appeal and all pertinent facts.
- ◆ The rationale for the decision.
- ◆ Reference to evidence or documentation used in making that decision.
- ◆ Instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination.
- ◆ Notice of your right to an external review.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. We don't determine whether the pending health service is necessary or appropriate. That decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

For urgent appeals based on an adverse determination the following applies:

- Urgent appeals will be evaluated by an appropriate clinical peer or peers, who were not involved in the initial adverse determination, in the same or a similar specialty as would typically manage the case under review.
- We will provide reasonable access, not to exceed one working day, to a clinical peer who can perform the urgent review.
- Urgent appeals will apply to any request concerning an admission, availability of care, continued stay, or health care service for an Emergency where you have not yet been discharged from a facility.
- If the service is a concurrent review determination, the services will be authorized and payable, subject to the provisions of the Policy, until the provider has been notified of the determination. You are not liable for any cost until documented notification of such liability is provided to you.
- In any case where the urgent appeal process does not resolve a difference of opinion between us, you or your provider acting on your behalf, such provider may request a second level appeal of an adverse determination.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Expedited External Review for an Emergency

Your health care provider may request an expedited external review for an adverse determination of a post-service claim for an Emergency. For an Emergency, we will transmit all necessary documents and information used in making the adverse determination to the independent review organization by telephone, telefacsimile, or any other available expeditious method. In addition to these documents, the independent review organization may consider the following in reaching a decision or recommendation:

- Your pertinent medical records.
- Your treating health care professional's recommendation.
- Consulting reports for appropriate health care professionals and other documents submitted by us, you, or your provider.
- Any applicable generally accepted practice guidelines, including but not limited to those developed by the federal government or national or professional medical societies, boards, and associations.
- Any applicable clinical review criteria developed exclusively and used by us that are within the appropriate standard for care, provided such criteria were not the sole basis for the decision or recommendation unless the criteria had been review and certified by the appropriate licensing board of Louisiana.

Within 72 hours of receiving appropriate medical information for an expedited external review, the independent review organization will do the following:

- Make a decision to uphold or reverse the adverse determination.
- Notify us, you and your health care provider of the decision. This notice will include the reason or reasons for the decision and references to the evidence or documentation considered in making the decision.

We will not disapprove services that meet the definition of Emergency as described in *Section 9: Defined Terms*.

Voluntary External Review Program

After you exhaust the appeal process, if we make a final determination to deny Benefits, you may choose to participate in our voluntary external review program. You may also choose to participate if we have agreed to waive the requirements of the first and second level appeals process which are described above. This program only applies if our decision is based on either of the following:

- Clinical reasons which includes a decision that the service was not consistent with nationally recognized scientific evidence and prevailing medical standards and clinical guidelines.
- The exclusion for Experimental or Investigational or Unproven Services.

The external review program is not available if our coverage determinations are based on Benefit exclusions or defined Benefit limits.

For voluntary external review of an adverse determination the following applies:

- Within sixty days after the date of receipt of a notice of a second level appeal adverse determination, you may with concurrence of the treating health care provider, file a request for an external review.
- Within seven days after the date of receipt of the request for external review, we will provide the documents and any information used in making the second level appeal adverse determination to our designated independent review organization. The independent review organization will review all the information and documents received and any other information submitted in writing by you or your health care provider. We will consider the following in reaching our decision or making a recommendation:
 - Your pertinent medical records.
 - Your treating health care professional's recommendation.
 - Consulting reports for appropriate health care professionals and other documents submitted by us, you, or your provider.
 - Any applicable generally accepted practice guidelines, including but not limited to those developed by the federal government or national or professional medical societies, boards, and associations.
 - Any applicable clinical review criteria developed exclusively and used by us that are within the appropriate standard for care, provided such criteria were not the sole basis for the decision or recommendation unless the criteria had been review and certified by the appropriate licensing board of Louisiana.

The independent review organization will provide notice of its recommendation to us, you or your authorized representative and your health care provider within 30 days after the date of receipt of the second level determination information subject to the external review, unless a longer period of time is agreed upon by all parties.

Contact us at the telephone number shown on your ID card for more information on the voluntary external review program.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - 1. Plan includes: group and non-group insurance contracts, hospital indemnity benefits in excess of \$300 per day, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - 2. Plan does not include: hospital indemnity benefits that are less than \$300 per day or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This

Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

- D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

- (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When Medicare is Secondary

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.

Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We do not decide what care you need or will receive. You and your Physician make those decisions.
- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this *Certificate*.
- The plan may not pay for all treatments you or your Physician may believe are necessary. If the plan does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any

questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

Your Relationship with Providers and Enrolling Groups

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

Statements by Enrolling Group or Subscriber

All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. Except for fraudulent statements in a written application, we will not use any statement made by the Enrolling Group to void the Policy after it has been in force for a period of three years.

Incentives to Providers

We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You

Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

Rebates and Other Payments

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable Annual Deductible. We do not pass these rebates on to you, nor are they applied to any Annual Deductible or taken into account in determining your Copayments or Coinsurance.

Interpretation of Benefits

We have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits*, and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services

We may, in our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our sole discretion. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law we reserve the right, in our sole discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

Information and Records

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

Examination of Covered Persons

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Workers' Compensation not Affected

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this *Certificate*, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory.

These third parties and persons or entities are collectively referred to as "Third Parties."

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including, but not limited to:
 - providing any relevant information requested by us,
 - signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim,
 - responding to requests for information about any accident or injuries,
 - making court appearances, and
 - obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That benefits paid by us may also be considered to be benefits advanced.
- That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That you or an authorized agent, such as your attorney, must hold any funds due and owing us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we may set off from any future benefits otherwise provided by us the value of benefits paid or advanced under this section to the extent not recovered by us.

- That if you fully recover your damages from Third Parties, then you will reimburse us the portion of the damages recovered for the expenses incurred by the Covered Person that were provided or paid by us.
- That in the event you fail to take appropriate action to make recovery from a Third Party we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate, and your heirs.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

We agree as follows:

- We agree to pay our portion of your attorney's fee or other costs associated with a claim or lawsuit to the extent that we recover any portion of the Benefits paid under the Policy.
- That our right to subrogation granted under this provision may not be enforced until you have been fully compensated or made whole.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Limitation of Action

You cannot bring any legal action against us to recover reimbursement until 60 days after you have properly submitted a request for reimbursement as described in *Section 5: How to File a Claim*. You cannot bring legal action against us for any other reason until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

We will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. We do not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in Benefit plans that have both Network and Non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the Non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When we use the Shared Savings Program to pay a claim, patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

Substance Use Disorder Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance use disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

Temporarily Medically Disabled Mother -- a woman who has recently given birth and whose Physician has advised that normal travel would be hazardous to her health.

Total Disability or Totally Disabled - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

- Sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-

free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

- Supervised living arrangements which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Service(s) - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition, and that the service would be provided under standards equivalent to those defined by the *National Institutes of Health*.
- We may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for a Covered Person with a Sickness or Injury that is not life-threatening. For that to occur, all of the following conditions must be met:
 - If the service is one that requires review by the *U.S. Food and Drug Administration (FDA)*, it must be *FDA*-approved.
 - It must be performed by a Physician and in a facility with demonstrated experience and expertise.
 - The Covered Person must consent to the procedure acknowledging that we do not believe that sufficient clinical evidence has been published in peer-reviewed medical literature to conclude that the service is safe and/or effective.
 - At least two studies must be available in published peer-reviewed medical literature that would allow us to conclude that the service is promising but unproven.
 - The service must be available from a Network Physician and/or a Network facility.

The decision about whether such a service can be deemed a Covered Health Service is solely at our discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Patient Protection and Affordable Care Act (PPACA) Amendment

UnitedHealthcare Insurance Company

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms* and in this Amendment below.

Maximum Policy Benefit/Limits on Essential Benefits

The Maximum Policy Benefit provision in the *Schedule of Benefits*, the definition of Maximum Policy Benefit in the *Certificate* and all references to a Maximum Policy Benefit are deleted. Benefits under the Policy are not limited by a Maximum Policy Benefit.

Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. In addition, any annual dollar limit applicable to the essential benefits listed below is no longer applicable. Essential benefits include the following:

Ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all Benefits.

Preventive Care

Network Benefits for preventive care that are payable at 100% of Eligible Expenses (without application of any Copayment, Coinsurance, or deductible) apply to the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
- Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

Dependent Children

The following *Dependent Child Special Open Enrollment* provision is added to the *Certificate, Section 3: When Coverage Begins*:

Dependent Child Special Open Enrollment Period

On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day dependent child special open enrollment period for Dependent children who are not currently enrolled under the Policy and who have not yet reached the limiting age. During this dependent child special open enrollment period, Subscribers who are adding a Dependent child and who have a choice of coverage options will be allowed to change options.

Coverage begins on the first day of the plan year beginning on or after September 23, 2010, if we receive the completed enrollment form and any required Premium within 31 days of the date the Dependent becomes eligible to enroll under this special open enrollment period.

All references to Full-time Student status requirements are deleted. The definition of Dependent is replaced with the following:

Dependent - the Subscriber's legal spouse or a child of the Subscriber or the Subscriber's spouse. All references to the spouse of a Subscriber shall include a Domestic Partner. The term child includes any of the following:

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption. "Placed for adoption" means the assumption and retention by the Subscriber or the Subscriber's spouse of a legal obligation for total or partial support of the child in anticipation of adoption of the child.
- A child placed in your home following the execution of an act of voluntary surrender in favor of you or your legal representative.
- A child for whom legal guardianship has been awarded to the Subscriber or the Subscriber's spouse.
- A grandchild who is residing with and under the legal custody of either the Subscriber or the Subscriber's spouse.

To be eligible for coverage under the Policy, a Dependent must reside within the United States.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any child listed above under 26 years of age.
- A Dependent includes a dependent child age 26 or older who is or becomes disabled and dependent upon the Subscriber.

The Subscriber must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a *Qualified Medical Child Support Order* or other court or administrative order. The Enrolling Group is responsible for determining if an order meets the criteria of a *Qualified Medical Child Support Order*.

A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.

Fraud or Intentional Misrepresentation of a Material Fact

The terminating provision for *Fraud, Misrepresentation or False Information* in the *Certificate, Section 4: When Coverage Ends* is replaced with the following:

- **Fraud or Intentional Misrepresentation of a Material Fact**

You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include false information relating to another person's eligibility or status as a Dependent.

During the first two years the Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. After the first two years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

Claims and Appeals

Other changes provided for under the *PPACA* impact how claims and appeals are handled and are applicable to your plan:

- You have the right to appeal a rescission of coverage determination.
- If any new or additional evidence is relied upon or generated by us during the determination of an appeal we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.
- With respect to any urgent request for Benefits you will receive the notice of benefit determination within 24 hours after we have received all of necessary information.

Other changes provided for under the *PPACA*:

Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these provisions. These include:

- Direct access to OB/GYN care without a referral or authorization requirement.
- The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
- The ability to designate any primary care physician (PCP) that is accepting new patients.
- Prior authorization is not required before you receive services in the emergency department of a Hospital.
- If you seek emergency care from non-Network providers in the emergency department of a Hospital your cost sharing obligations (Copayments/Coinsurance) will be the same as would be applied to care received from Network providers.

Non-Contracted Provider Emergency Health Services Amendment

UnitedHealthcare Insurance Company

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms* and in this Amendment below.

1. The provision, *File Claims with Complete and Accurate Information*, in the *Certificate of Coverage, Section: Your Responsibilities* is replaced with the following:

File Claims with Complete and Accurate Information

Except for Covered Emergency Health Services, when you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

2. The provision, *Pay for Covered Health Services Provided by Non-Network Providers*, in the *Certificate of Coverage, Section: Our Responsibilities* is replaced with the following:

Pay for Covered Non-Emergency Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

3. The provision, *If You Receive Covered Health Services from a Non-Network Provider*, in the *Certificate of Coverage, Section 5: How to File a Claim* is replaced with the following:

If You Receive Covered Health Services from a Non-Network Provider

Except for Covered Emergency Health Services (Louisiana law requires us to make direct payments to a non-Network provider when such a provider files a claim with us for Covered Emergency Health Services rendered to you), when you receive other Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, in our discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

4. The *Schedule of Benefits*, provision *Eligible Expenses* is replaced with the following:

Eligible Expenses

Eligible Expenses are the amount we determine that we will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For

Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*.

If one or more alternative health services that meets the definition of Covered Health Service in the *Certificate* under *Section 9: Defined Terms* are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance use disorder or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness.

For Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as otherwise arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, at our discretion, based on the lesser of:
 - Fee(s) that are negotiated with the provider.
 - 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market.
 - 50% of the billed charge.
 - A fee schedule that we develop.
- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

Subrogation Amendment

UnitedHealthcare Insurance Company

As described in this Amendment, the Policy is modified to clarify Subrogation against automobile medical payment coverage.

Because this Amendment is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the *Certificate of Coverage (Certificate)* in *Section 9: Defined Terms*.

1. The provision in the *Certificate* under *Section 7: Coordination of Benefits, Definitions* is replaced with the following:

Definitions

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 1. Plan includes: group and non-group insurance contracts, hospital indemnity benefits in excess of \$300 per day, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts (see *Subrogation and Reimbursement* under *Section 8: General Legal Provisions* for coordination of benefits applicability of automobile medical payment coverage); and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity benefits that are less than \$300 per day or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.
2. The provision in the *Certificate* under *Section 8: General Legal Provisions, Subrogation and Reimbursement* is replaced with the following:

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this *Certificate*, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory.
- Automobile insurer who is or may be obligated to provide medical payment coverage if written agreement exists between the parties, and is in accordance with the Louisiana Department of Insurance coordination of benefits regulations. Nine (9) months after the accident date from which medical claims exist, we may seek reimbursement from the automobile medical payments insurer for the outstanding balance remaining under the automobile medical coverage policy.

These third parties and persons or entities are collectively referred to as "Third Parties."

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including:
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That benefits paid by us may also be considered to be benefits advanced.
- That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That you or an authorized agent, such as your attorney, must hold any funds due and owing us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract.
- That we may set off from any future benefits otherwise provided by us the value of benefits paid or advanced under this section to the extent not recovered by us.

- That if you fully recover your damages from Third Parties, then you will reimburse us the portion of the damages recovered for the expenses incurred by the Covered Person that were provided or paid by us.
- That in the event you fail to take appropriate action to make recovery from a Third Party we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate and your heirs or beneficiaries.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

We agree as follows:

- We agree to pay our portion of your attorney's fee or other costs associated with a claim or lawsuit to the extent that we recover any portion of the Benefits paid under the Policy.
- That our right to subrogation granted under this provision may not be enforced until you have been fully compensated or made whole.

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require prior notification or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with either a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by us, or if we fail to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of our determination.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Services or Unproven Services.
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received our decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.

- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. We have entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by us of the request.
- A referral of the request by us to the *IRO*.
- A decision by the *IRO*.

Within the applicable timeframe after receipt of the request, we will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that we may process the request.

After we complete the preliminary review, we will issue a notification in writing to you. If the request is eligible for external review, we will assign an *IRO* to conduct such review. We will assign requests by either rotating claims assignments among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the *IRO* within ten business days following the date of receipt of the notice additional information that the *IRO* will consider when conducting the external review. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

We will provide to the assigned *IRO* the documents and information considered in making our determination. The documents include:

- All relevant medical records.
- All other documents relied upon by us.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and we will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim anew and not be bound by any decisions or conclusions reached by us. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and us, and it will include the clinical basis for the determination.

Upon receipt of a *Final External Review Decision* reversing our determination, we will immediately provide coverage or payment for the Benefit claim at issue in accordance with the terms and conditions of the Policy, and any applicable law regarding plan remedies. If the *Final External Review Decision* is that

payment or referral will not be made, we will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, we will determine whether the individual meets both of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that we may process the request.

After we complete the review, we will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, we will assign an *IRO* in the same manner we utilize to assign standard external reviews to *IROs*. We will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available expeditious method. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim anew and not be bound by any decisions or conclusions reached by us. The *IRO* will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned *IRO* will provide written confirmation of the decision to you and to us.

You may contact us at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Outpatient Prescription Drug

UnitedHealthcare Insurance Company

Schedule of Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change, and therefore your Copayment and/or Coinsurance may change. You will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed, subject to our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to notify us or our designee. The reason for notifying us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
- It is not an Experimental or Investigational or Unproven Service.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying us.

Non-Network Pharmacy Notification

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for notifying us as required.

If we are not notified before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring notification are subject to our periodic review and modification. You may determine whether a particular Prescription Drug Product requires notification through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

If we are not notified before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Cost) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not notify us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost (for Prescription Drug Products from a Network Pharmacy) or the Predominant Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

Step Therapy

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider or Pharmaceutical Products for which Benefits are described in your *Certificate* are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

What You Must Pay

You are responsible for paying the Annual Drug Deductible.

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your *Certificate*:

- The Annual Drug Deductible.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Cost) will not be available to you.

Payment Information

The Annual Drug Deductibles are calculated on a calendar year basis.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager claims address noted on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Prescription Drug Product.

Limitation on Selection of Pharmacies

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting your Annual Drug Deductible. We do not pass these rebates on to you, nor are they applied to your Annual Drug Deductible or taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Rider. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Rider. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings to you or to your Physician that communicate a variety of messages, including information about Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you, at your discretion, to purchase the described drug product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Only your Physician can determine whether a change in your Prescription Order or Refill is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication regimens. You may access information on these programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Prescription Drugs from a Retail Non-Network Pharmacy

Benefits are provided for Prescription Drug Products dispensed by a retail non-Network Pharmacy.

If the Prescription Drug Product is dispensed by a retail non-Network Pharmacy, you must pay for the Prescription Drug Product at the time it is dispensed and then file a claim for reimbursement with us, as described in *Section 5* of your *Certificate*. We will not reimburse you for the difference between the Predominant Reimbursement Rate and the non-Network Pharmacy's Usual and Customary Charge for that Prescription Drug Product. We will not reimburse you for any non-covered drug product.

In most cases, you will pay more if you obtain Prescription Drug Products from a non-Network Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on retail non-Network Pharmacy supply limits.

Prescription Drug Products from a Mail Order Network Pharmacy

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy.

Brand-name - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that we identify as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "brand name" by the manufacturer, pharmacy, or your Physician may not be classified as Brand-name by us.

Chemically Equivalent - when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy - a pharmacy that has entered into an agreement with us or with an organization contracting on our behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. - The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Predominant Reimbursement Rate - the amount we will pay to reimburse you for a Prescription Drug Product that is dispensed at a non-Network Pharmacy. We calculate the Predominant Reimbursement Rate using our Prescription Drug Cost that applies for that particular Prescription Drug Product at most Network Pharmacies.

Prescription Drug Cost - the rate we have agreed to pay our Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

Prescription Drug List - a list that categorizes into tiers medications, products or devices that have been approved by the *U.S. Food and Drug Administration (FDA)*. This list is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). Usual and Customary Charge - the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Charge includes a dispensing fee and any applicable sales tax.

Guaranty Association Act and Notice Concerning Coverage Limitations and Exclusions

Residents of Louisiana who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the *Louisiana Life and Health Insurance Guaranty Association*. The purpose of this Association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. However, the valuable extra protection provided by these insurers through the Guaranty Association is limited. As noted in the disclaimer below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

Disclaimer

The Louisiana life and Health Insurance Guaranty Association provides coverage of claims under some types of policies if the insurer becomes impaired or insolvent. *COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY*. Even if coverage is provided, there are significant limits and exclusions. Coverage is always conditioned upon residence in this state. Other conditions may also preclude coverage.

- Insurance companies and insurance agents are prohibited by law from using the existence of the Guaranty Association or its coverage to sell you an insurance policy.
- You should not rely on the availability of coverage under the Guaranty Association when selecting an insurer.
- The Guaranty Association or the Department of Insurance will respond to any questions you may have which are not answered by this document.

The state law that provides for this safety-net coverage is called the *Louisiana Life and Health Insurance Guaranty Association Law*. The following is a brief summary of this Law's coverages, exclusions and limits. This summary does not cover all provisions of the Law; nor does it in any way change any person's rights or obligations under the Law or the rights or obligations of the Guaranty Association.

Coverage

Generally, individuals will be protected by the Louisiana Life and Health Insurance Guaranty Association if they live in this state and hold a life or health insurance contract, or an annuity, or if they are insured under a group insurance contract, issued by an insurer authorized to conduct business in Louisiana. The beneficiaries, payees or assignees of insured persons are protected as well even if they live in another state.

Exclusions from Coverage

However, persons holding such policies are not protected by this association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in this state;
- their policy was issued by a nonprofit hospital or medical service organization (the "Blues"), an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The association also does not provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed an average rate;
- dividends;
- credits given in connection with the administration of a policy by a group contract holder;
- employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them); or
- unallocated annuity contracts (which give rights to group contract holders, not individuals), unless qualified under section 403(b) of the Internal Revenue Code, except that, even if qualified under section 403(b), unallocated annuities issued to employee benefit plans protected by the Federal Pension Benefit Guaranty Corporation are not covered.
- any obligation that does not arise under the express written terms of the policy or contract;
- any policy or contract providing any hospital, medical, prescription drug or other health care benefit pursuant to Medicare part C or part D coverage.
- Other exclusions may also be applicable depending upon the issuing insurer, the policy itself, the policyholder or policy owner, or other factors. For more information, see the *Louisiana Life and Health Insurance Guaranty Law, Louisiana Revised Statutes R.S. 22:2081 et seq.*

Limits on Amount of Coverage

The Act also limits the amount the Association is obligated to pay out. The Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Association will pay a maximum of \$500,000 no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$500,000 limit, the Association will not pay more than \$100,000 in cash surrender values, \$500,000 in health insurance benefits, \$250,000 in present value of annuities, or \$300,000 in life insurance death benefits. Again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
 - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, \$750,000.
 - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, \$1,250,000.
 - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, \$2,000,000.

Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law). Under the *PPACA* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time.

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26.

During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Effective for policies that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

For information on appeals and other *PPACA* regulations, visit www.healthcare.gov.

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

We will provide you with this information either by direct mail or electronically in accordance with applicable law. In all cases, we will post the revised notice on your health plan website, such as www.myuhc.com or www.uhcwest.com. - **For Plan Sponsors.** If your coverage is through an employer sponsored group health plan, we may share summary health information and enrollment and disenrollment information with the plan sponsor. In addition, we may share other health information with the plan sponsor for plan administration if the plan sponsor agrees to special restrictions on its use and disclosure of the information in accordance with federal law.
- **For Underwriting Purposes.** We may use or disclose your health information for underwriting purposes; however, we will not use or disclose your genetic information for such purposes.
- **For Reminders.** We may use or disclose health information to send you reminders about your benefits or care, such as appointment reminders with providers who provide medical care to you.

Special rules apply regarding when we may disclose health information to family members and others involved in a deceased individual's care. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

- **To Business Associates** that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. Our business associates are required, under contract with us, to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract.
- **Additional Restrictions on Use and Disclosure.** Certain federal and state laws may require special privacy protections that restrict the use and disclosure of certain health information, including highly confidential information about you. Except for uses and disclosures described and limited as set forth in this notice, we will use and disclose your health information only with a written authorization from you. This includes, except for limited circumstances allowed by federal privacy law, not using or disclosing psychotherapy notes about you, selling your health information to others, or using or disclosing your health information for certain promotional communications that are prohibited marketing communications under federal law, without your written authorization. Once you give us authorization to release your health information, we cannot guarantee that the recipient to whom the information is provided will not disclose the information. Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

You are entitled to a reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another group health plan. You should be provided a certificate of creditable coverage, in writing, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect *COBRA* continuation coverage, when your *COBRA* continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. You may request a certificate of creditable coverage by calling the number on the back of your ID card. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the

materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
